TEAM COLLABORATION PLATFORM POC:

DESCRIPTION:

* A **Team Collaboration Platform** is a digital tool designed to enhance communication, coordination, and project management within teams. It typically includes features like real-time messaging, video conferencing, file sharing, and task tracking, enabling team members to collaborate efficiently from different locations. These platforms often integrate with other productivity tools and ensure secure, centralized access to project information, promoting teamwork and productivity in various work environments.

ALGORITHM:

OUTPUT:

```
--- Team Collaboration Platform ---
```

1. Create Communication
2. Read Communication
3. Update Communication
4. Delete Communication
5. Create Efficiency Record
6. Read Efficiency Record
7. Update Efficiency Record
8. Delete Efficiency Record
9. Exit

```
Enter your choice (1-9): 1
```

```
Enter Communication ID: comm_001
```

```
Enter Message: Project kickoff meeting scheduled for Friday
```

```
Communication 'comm_001' created.
```

--- Team Collaboration Platform ---

1. Create Communication
2. Read Communication
3. Update Communication
4. Delete Communication
5. Create Efficiency Record
6. Read Efficiency Record
7. Update Efficiency Record
8. Delete Efficiency Record
9. Exit

Enter your choice (1-9): 2

Enter Communication ID: comm_001

Communication ID: comm_001, Message: Project kickoff meeting scheduled for Friday

--- Team Collaboration Platform ---

1. Create Communication
2. Read Communication
3. Update Communication
4. Delete Communication
5. Create Efficiency Record
6. Read Efficiency Record
7. Update Efficiency Record
8. Delete Efficiency Record
9. Exit

Enter your choice (1-9): 3

Enter Communication ID: comm_001

Enter New Message: Project kickoff meeting rescheduled to Monday
Communication 'comm_001' updated.

--- Team Collaboration Platform ---

1. Create Communication
2. Read Communication
3. Update Communication
4. Delete Communication
5. Create Efficiency Record
6. Read Efficiency Record
7. Update Efficiency Record
8. Delete Efficiency Record
9. Exit

Enter your choice (1-9): 4

Enter Communication ID: comm_001

Communication 'comm_001' deleted.

```
--- Team Collaboration Platform ---  
1. Create Communication  
2. Read Communication  
3. Update Communication  
4. Delete Communication  
5. Create Efficiency Record  
6. Read Efficiency Record  
7. Update Efficiency Record  
8. Delete Efficiency Record  
9. Exit  
Enter your choice (1-9): 5  
Enter Efficiency ID: eff_001  
Enter Efficiency Score: 85  
Efficiency record 'eff_001' created.
```

--- Team Collaboration Platform ---

1. Create Communication
2. Read Communication
3. Update Communication
4. Delete Communication
5. Create Efficiency Record
6. Read Efficiency Record
7. Update Efficiency Record
8. Delete Efficiency Record
9. Exit

Enter your choice (1-9): 6

Enter Efficiency ID: eff_001

Efficiency ID: eff_001, Score: 85

```
--- Team Collaboration Platform ---  
1. Create Communication  
2. Read Communication  
3. Update Communication  
4. Delete Communication  
5. Create Efficiency Record  
6. Read Efficiency Record  
7. Update Efficiency Record  
8. Delete Efficiency Record  
9. Exit  
Enter your choice (1-9): 7  
Enter Efficiency ID: eff_001  
Enter New Efficiency Score: 90  
Efficiency record 'eff_001' updated.
```

```
--- Team Collaboration Platform ---  
1. Create Communication  
2. Read Communication  
3. Update Communication  
4. Delete Communication  
5. Create Efficiency Record  
6. Read Efficiency Record  
7. Update Efficiency Record  
8. Delete Efficiency Record  
9. Exit  
Enter your choice (1-9): 8  
Enter Efficiency ID: eff_001  
Efficiency record 'eff_001' deleted.
```

--- Team Collaboration Platform ---

1. Create Communication
2. Read Communication
3. Update Communication
4. Delete Communication
5. Create Efficiency Record
6. Read Efficiency Record
7. Update Efficiency Record
8. Delete Efficiency Record
9. Exit

Enter your choice (1-9): 6

Enter Efficiency ID: eff_001

Efficiency ID not found.

--- Team Collaboration Platform ---

1. Create Communication
2. Read Communication
3. Update Communication
4. Delete Communication
5. Create Efficiency Record
6. Read Efficiency Record
7. Update Efficiency Record
8. Delete Efficiency Record
9. Exit

Enter your choice (1-9): 9
